

CMP Monthly Report November 4, 2016

Overview:

This report will contain the activities from mid-October to mid-November.

Latest workings:

Continued my research a benefit with membership for attract and retain members. I misunderstood what the possibility could entail. This benefit is one free event provided as part of the individual's membership. The benefit has been identified also in this as a "usable benefit." It will only be applied to a limited category of membership levels. Still researching and trying to understand WA and its possible part in this free benefit. Planned to meeting with P Huber to discuss it more this Wednesday November 2nd.

Members are still not following Sign-In sheet instructions. I am struggling to read their member ID numbers and how their last names are spelled. I worked on one workshop for quite some time trying to figure out what some of the member ID numbers are and how to spelling last names. Keep in mind that I do not have the time to research and locate the proper spellings of last names and member ID numbers. I will be waiting for those participants to contact me or the host of the workshop to ascertain about their CEUs.

Still working on the *I know ... It's all TAXing* workshop for December 3rd, 2016. I am waiting for fixes, from PDC, to the paperwork. All paperwork needs to be in place on or before November 3, 2016.
